## Digital Content Practical Lookup Guide

### 1. Introduction

The Ministry of Federal Education and Professional Training is dedicated to enhancing the quality of distance learning and creating a comprehensive educational platform that serves a diverse group of learners across Pakistan. As part of this effort, the Ministry has procured digital content, including audio and video resources, that align with the Pakistan National Curriculum and Student Learning Outcomes (SLOs).

This guide is designed to help teachers navigate this digital content efficiently. Every video has been assigned a unique code, and this document organizes them in a way that clearly shows which video supports which SLO, for which grade and subject. Each table includes the video code, topic, SLO(s) covered, textbook unit, and duration.

Teachers can use this guide for lesson planning, in-class instruction, or revision sessions. It ensures that digital resources are used effectively, keeping lessons aligned with the curriculum and maximizing learning outcomes. The structure is consistent across all grades and subjects, making it easy to locate the right video at the right time.

This guide is intended as a practical companion to support teachers in delivering high-quality, curriculum-aligned instruction through digital content.

## 2. Available digital content from Grade KG- Grade 12

### Digital Learning Content (Video)

| Grade   | Subject           | No. of Packages | Total No. of Packages |
|---------|-------------------|-----------------|-----------------------|
| KG      | Math              | 21              | 133                   |
|         | English           | 36              |                       |
|         | Urdu              | 25              |                       |

### 3. How to read video codes

Every video in this digital content collection has a unique code. The code helps teachers quickly identify:

- the grade
- the subject
- the textbook unit
- the package and part of the video

Understanding the code allows you to find the right video quickly without searching through multiple files.

#### Video Code Format

Example: **G01EnU01P01a**

- G01 = Grade 1
- En = English
- U01 = Unit 1
- P01a = Package 1, Part a

Code Reference Table:

| Grade       | Subject               | Unit | Package |
|-------------|-----------------------|------|---------|
| G01-G12, EY | M (Mathematics)       | U01  | P01     |
| G01-G12, EY | Ur (Urdu)             | U01  | P01     |
| G01-G12, EY | En (English)          | U01  | P01     |
| G01-G12, EY | Sc (Science)          | U01  | P01     |
| G01-G12, EY | Ph (Physics)          | U01  | P01     |
| G01-G12, EY | Bi (Biology)          | U01  | P01     |
| G01-G12, EY | Ch (Chemistry)        | U01  | P01     |
| G12         | PS (Pakistan Studies) | U01  | P01     |

#### Notes for Teachers:

- Use this table to decode video codes quickly.
- “EY” refers to Early Years/Kindergarten.
- Package numbers indicate video sequence within a unit.
- Always cross-check the mapping tables in this guide for SLO coverage before showing a video in class.

## 4. Grade 1 Digital Content Alignment with SLOs

### a. English

| Unit                 | SLO Code   | SLO                                                                                                                                                                        | Package Code  | Package Name           |
|----------------------|------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------|------------------------|
| 1. MYSELF AND OTHERS | E-01-B1-01 | Recognise the name of the common sound associated with every letter in the English alphabet                                                                                | G01EnU01 P01a | Capital Letters A to M |
|                      | E-01-B1-04 | Initial and final consonants: m, j, f, s, b, t, w, r, p, h, v, d, k, z, l, g, n, c, y.                                                                                     |               |                        |
|                      | E-01-B1-07 | Use punctuation cues to aid reading aloud (capitalization, comma, full stop)                                                                                               |               |                        |
|                      | E-01-C3-01 | Apply capitalization to the initial letter of the first word of a sentence.<br><br>Recognise and apply capitalization to the initial letters of names of people and dates. |               |                        |
|                      | E-01-D1-02 | a) Practise handwriting patterns and writing letters both capital and small with correct formation                                                                         |               |                        |
|                      | E-01-D1-03 | Write letters and words at an appropriate speed and develop an understanding that a capital letter is for the start of a sentence.                                         |               |                        |
|                      | E-01-B1-01 | Recognise the name of the common sound associated with every letter in the English alphabet                                                                                | G01EnU01 P02a | Capital Letters N to Z |

|                            | SLO: GK-01-H-07 | Recognise that the moon and stars shine at night.                                                                                                                                                           |             |                |

## 5. How to Use This Document in Class

This guide is designed to make lesson planning and classroom delivery easier. Teachers can use it in the following ways:

- **Lesson Planning:** Before each lesson, check the tables to see which video(s) cover the relevant SLO(s) for your class.
- **Classroom Instruction:** Play the appropriate video during class to illustrate concepts, reinforce learning, or introduce new topics.
- **Curriculum Alignment:** Ensure videos are paired with textbook units to maintain alignment with the Pakistan National Curriculum.
- **Revision and Reinforcement:** Use videos to review previous lessons or provide extra practice for students who need it.
- **Multi-Grade or Mixed-Level Classes:** Teachers can identify videos suitable for different grade levels and adjust classroom activities accordingly.
- **Assessment:** Each video package has a corresponding assessment, named with the same package code, which can be found in the accompanying Excel sheets. Teachers can use these assessments to check students' understanding immediately after showing the video or during lesson follow-ups.

The document is structured to make it easy to locate videos quickly, so you spend more time teaching and less time searching.

## 6. Ethical and Copyright Considerations

All digital content provided through this platform is procured by the Ministry of Federal Education and Professional Training and aligns with the Pakistan National Curriculum. When using these resources, teachers should keep the following points in mind:

- **Authorized Use Only:** Videos are for educational purposes within classrooms or official teaching activities. Do not distribute, copy, or upload content to public platforms without permission.
- **Attribution:** When using content in presentations or shared materials, credit the Ministry as the source.

- **Respect for Learners:** Ensure all content is used in a way that supports inclusive and respectful learning environments.
- **No Modification Without Approval:** Do not alter video content, subtitles, or audio tracks unless officially authorized.
- **Data Privacy:** Avoid sharing student information or recordings when using videos in digital or remote learning settings.

Following these guidelines ensures that teachers use the digital content responsibly while maintaining legal and ethical standards.

## 7. Conclusion

This guide is designed to make using digital learning videos simple, efficient, and aligned with the Pakistan National Curriculum and Student Learning Outcomes. By following the mapping tables and video codes, teachers can quickly identify the right resources for each lesson, support student learning effectively, and plan classroom activities with confidence.

We encourage teachers to explore the videos, pair them with assessments, and integrate them into lesson plans to create engaging and interactive learning experiences.

For any questions, technical issues, or additional support, please contact the Federal Directorate of Education (FDE)'s content team or the designated focal points.

***Empower your students, explore the digital resources, and make every lesson an engaging step toward learning success.***
