Digital Content Practical Lookup Guide

1. Introduction

The Ministry of Federal Education and Professional Training is dedicated to enhancing the quality of distance learning and creating a comprehensive educational platform that serves a diverse group of learners across Pakistan. As part of this effort, the Ministry has procured digital content, including audio and video resources, that align with the Pakistan National Curriculum and Student Learning Outcomes (SLOs).

This guide is designed to help teachers navigate this digital content efficiently. Every video has been assigned a unique code, and this document organizes them in a way that clearly shows which video supports which SLO, for which grade and subject. Each table includes the video code, topic, SLO(s) covered, textbook unit, and duration.

Teachers can use this guide for lesson planning, in-class instruction, or revision sessions. It ensures that digital resources are used effectively, keeping lessons aligned with the curriculum and maximizing learning outcomes. The structure is consistent across all grades and subjects, making it easy to locate the right video at the right time.

This guide is intended as a practical companion to support teachers in delivering high-quality, curriculum-aligned instruction through digital content.

3. How to read video codes

Every video in this digital content collection has a unique code. The code helps teachers quickly identify:

- the grade
- the subject
- the textbook unit
- the package and part of the video

Understanding the code allows you to find the right video quickly without searching through multiple files.

Video Code Format

Example: **G01EnU01P01a**

- G01 = Grade 1
- En = English
- U01 = Unit 1
- P01a = Package 1, Part a

Code Reference Table:

Grade	Subject	Unit	Package
G01-G12, EY	M (Mathematics)	U01	P01
G01-G12, EY	Ur (Urdu)	U01	P01
G01-G12, EY	En (English)	U01	P01
G01-G12, EY	Sc (Science)	U01	P01
G01-G12, EY	Ph (Physics)	U01	P01
G01-G12, EY	Bi (Biology)	U01	P01
G01-G12, EY	Ch (Chemistry)	U01	P01
G12	PS (Pakistan Studies)	U01	P01

Notes for Teachers:

- Use this table to decode video codes quickly.
- “EY” refers to Early Years/Kindergarten.
- Package numbers indicate video sequence within a unit.
- Always cross-check the mapping tables in this guide for SLO coverage before showing a video in class.
